

Notice of Intent to Award

2020 Virginia Outside of the Chesapeake Bay Agricultural Resource Management Plan (RMP) Certification and Development Grants

The Virginia Department of Conservation and Recreation (DCR) intends to award funding for two projects utilizing state Water Quality Improvement funds. These two projects are in response to the 2020 Virginia Outside of the Chesapeake Bay Resource Management Plan Certification and Development Request for Applications, DCR Document#(DCR199-229)(5/2019), issued September 3, 2019.

The purpose of these grant awards is to support the development and certification of RMPs for agricultural operations Outside of the Chesapeake Bay watershed of Virginia. RMP Development is authorized in the *Code of Virginia §10.1-104.8 Resource Management Plans* and requirements are established by the Resource Management Plan Regulations (4VAC50-70-10 et seq.). Grant recipients are required to have a Virginia DCR-certified RMP developer prepare and submit plans for approval to the designated review authority in accordance with RMP Program standards. Approved and certified plans are to be reported by the grant recipient for funding reimbursement.
